AYSO Region 665

Proudly serving the communities of Victorville,
 Apple Valley, Adelanto and surrounding cities

Dear Potential Sponsor:

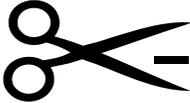

The All Star/Select program at AYSO Region 665 in Victorville provides an opportunity for our top athletes to participate in post-season soccer at a more competitive level than our standard program. All Star teams will compete in the All Star Playoffs at the Lancaster National Soccer Center in January against teams from other cities in our Area, including Hesperia, Palmdale, Lancaster and Quartz Hill. These teams will also participate in the Coyote Classic, Region 665's annual tournament held each February. All Star and Select teams also compete in various tournaments throughout southern California up through June each year.

Because most of the activities of the All Star and Select teams are outside of the regular program offered by Region 665, these teams must be self-supporting. Participation in additional tournaments, warm-ups, gear and other expenses are paid either by the parents or from contributions by team sponsors. With each tournament's entry fees costing between \$500 and \$700, the program can become too expensive for individual players and their families. As such, we look to the community for help. Sponsorship funds raised by each team are for their exclusive use during their All Star/Select season.

AYSO is a nonprofit 501(c)(3) corporation, and you may deduct your donation to the extent the law allows. Our Taxpayer Identification Number is 95-6205398. You may specify which team you would like to support. Any funds unused by your selected team will be allocated to other All Star or Select teams.

If you are able to help, please complete the bottom section of this letter and return to the address below, and keep the top portion for your records. Thank you for your consideration.
